PATENT

Elastic Fire and Water Proof CEMENT ROOFING.

THE undersigned is prepared to introduce into use in Tennessee W. E. CHILIS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOF-NG, and asks the attention of Architects, But Railroad Companies, and the public, to examine its superiority over other Roofing. Architects and Builders

Architects and Builders

Should not fail to examine this Rooting, as it is better
and cheaper than any thing in use. The material
forms a hard and smooth surface that will refist the
action of the atmosphere in every climate. It is impervious to water, elastic, and flexible. It contracts
and expands with the changes of the atmosphere, and
will neither evaporate, crack nor rot; and, as to its
durability, there is no question.

It is practically imperishable, and will perfectly resist any ordinary external exposure to fire, as is fully
and abundantly proven, and we will warrant it water
proof. We will engage to put our Rooting on over ordinary good sheathing, old shingles, tar and gravel,
tin, zinc, copper, or iron roofs—it making no difference
how steep or flat they may be—for seven dollars per
one hundred square feet; it being far cheaper than any
roof of the old style, and we are sure it will give better satisfaction.

er satisfaction.

It will also be found to be the best thing ever in rented to cover or mend old leaky tin, tar and grave coss, or around chimneys, scuttles, do mer windows and gotters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. The Room can be cemented over (and war-ranted not to leak) at two dollars and fifty cents perranted not to leak) at two dollars and fifty cents per-hundred square feet, which is cheaper and much bet-ter than paint. This Roofing will be found to be the best thing for covering large Roofs where they are ex-posed to fire—such as Steam Mills, Saw Mills, Facto-ries, Railroad Cars, Bridges, Depots, Santion Houses, Steamboat Decks, and in fact every kind of Roof where there is an external expessive from fire. As the Roof is perfect, without a joint in it, it presents no chance for fire to communicate, and any light substance will burn out without igniting.

Insurance Offices at Cincinnati, and other places where Childs & Co's Coment has been used, insure Buildings with Roofs covered with this Coment, at the ame rates as for those covered with Iron, Copper or

Roca's Remedy for Pulmonary and Tubercular Consumption. HAVING been appointed sole Agent for the sale of Don Geronino Roca's colebrated Cure for Consummon, the public will now be put in possession of one of the most extraordinary remedies extant for what has heretofore been considered an incurable

from the fact of its extreme simplicity—being an out-scard application, the action of which is seemingly mi-raculous, and its having none of those attributes which make up the numerous compounds now in general with the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public. A pamphlet, containing directions, letters from distinguished individuals, and documentary evidences from the physicians of the hospital of Havana, Island of Cuba, &c., will accompany the remedy.

Those speak volumes in its praise, and publicity is only required to render it as popular as it is benefical. Address,

Persons of Consumptive Habits, READ THIS!

To the GÆFENBERG COMPANY: For the first time in my life I am induced to certify to the truly wonderful effects of a popular medicine, but in sending you the certificate I feel that I am only discharging a duty that I owe to the Græfenberg Company, and a duty that I owe to the Græfenberg Company, and more especially to suffering humanity.

About the first of June last, I had a negro man taken with a cough attended with restiessness, spitting of blood, and other dangerous symptoms of consumption. I immediately called in a truly skillful and scientific physician, who told me it was a case of consumption. He treated him for several weeks, but he gradually grew worse. I then had another physician of great reputation in lung diseases. He examined him, and also decided it to be a hopeless case of consumption, and said it was useless to spend money is trying to cure him.

I had previously promised the Græfenberg Agents here, (Messrs. Weils & Lowell,) that when the doctors gave him up I would try the Græfenberg Consump-tive's Balm. I did so and to my agreeable surprise, the man began to improve after taking only five or six doses. He took only two bottles of the Balm and three bottles of the Græfenberg Sarsaparilia Compound, which cost me the small sum of uine dollars, and to day I consider him entirely cured. He is worth \$1,200 and he is doing me good service on the plantation. I consider him perfectly sound and well as he is fat, hearty, and strong, without a vestige or sign of disease left.

JOHN MYELS,

I have used the Græfenberg Consumptive's Balm in severe cases of consumption, in my practice, with the happiest effect. I wish all would use it. S. MEDARIS, M. D. Totten's Wells, Tenn.
The Græfenberg Consumptive's Balm will effectually

cure Consumption and all complaints of the lungs. In cases of Cold on the Lungs and Chest, Languer comoined with Difficult Breathing, Pains in the Chest, and trouchitis, the Grasfenberg Consumptive's Balm will flect a complete cure and prevent the disease from ecoming a confirmed Consumption. In all cases, de-ys are dangerous. They are as an hundred fold to crnestly advise all to procure the Consumptive's Balm season. The price of the Consumptive's Balm is \$3 per ottle. ALEX MackENZIE, Nashville, Agent for the Græfenberg Company, for Tennes Alabama, and Georgia

Croup, Asthma, Incipient And for the relief of Consumptive pawe need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the Amer-ican States, its wonderful cures of pulmonary complaints have made it al-ready known. Nay, few are the famthes in any civilized country on th continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and danger-ous diseases of the throat and lungs. While it is the most powerful antido pary organs, it is also the pleasantes and safest remedy that can be em-ployed for infants and young persons Pacents should have it in store against the insidious enemy that steads upon them unprepared. We have abundant grounds to be lieve the Cherry Pictoral saves more lives by the con-sumptions it prevents than those it cures. Keep it by

you, and cure your colds while they are carable, no neglect them until no human skill can master the inex orable canker that, fastened on the vitals, cats you life away. All know the dreatful fatality of lung dis orders, and as they know too the virtues of this rem edy, we need not do more than to assure them it is suil made the best it can be. We spare no cost, no care, no toil to produce the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

AVER'S CATHARTIC PILLS. THE sciences of Chemistry and Medicine have been taxed their ut-most to produce this best, most per-fect purgative which is known to man. Innumerable proofs are shown that most to produce this best, most perfect purgative which is known to man.
Imnumerable proofs are shown that
these Paus have virtues which surpass in excellence the ordinary medterms, and that they win unprecedentedly upon the esteem of all men. They are safe
and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the
body, remove the obstructions of its organs, purify
the blood, and expel the disease. They purge out the
foul homogra which breed and grow distemper, stimu-

the blood, and expel the disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that has buffled the best human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-counted, they are measant to take, and heing purely coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which anr; are belief were they not substantiated by men of each exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of

or obstruction of its functions.

To not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Arm's Fills, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best sid there is for them, and they should have it.
